

Unit

A

Title

Overview

This section is in paragraph format and should collect all your general ideas about the lesson you are presenting. Keep it to two paragraphs or less as you don't want to bore your reader.

Enduring Results

The enduring results specify what students should know and be able to do upon completion of the unit, as specified by The National *Technological Literacy Standards*. In this section we would like you to list the standards you are covering in this lesson. An example is here:

Technological Literacy Standards and Benchmarks

1. Students will develop the abilities to assess the impact of products and systems. (Standard 13)
 - a. Collect information and evaluate its quality. (Benchmark J)

Objectives

List the objectives in your lesson. Please use numerical format

- 1.
- 2.

Teacher Preparation

Please site the things that the teacher would have to understand and prepare before bringing this lesson to the classroom.

Content Outline

This section is an outline of details an instructor can teach from. It should be a list of specifics that may not be obvious to the learner of the lesson. An example would be:

A. Impacts of products/systems

1. Collection of information
 - a. Locating appropriate data
2. Evaluation of collected information
 - a. Comparing and contrasting sources

Activities/Case Studies

This is “meat and potatoes” that all teachers look for. This section can be as long as you need to have it, but be careful not to write a book. Graphics may be inserted with captions and any other information as long as you follow the title format.

Your lesson title here

Time: How many class periods will it take for this lesson?

Assessment

There are many ways to assess students please include how you would assess this lesson.

Resources

This section should site all the resources needed for a teacher to use this lesson. These would include but not be limited to websites, books, equipment, videotapes etc.

Academic Connections

This section documents standards that are met from other disciplines. Please note that this will not be an easy process so it is only suggested that this be in your document. You can access other disciplines standards through their websites. The disciplines are: Math, Science, Social Studies and English

About the Author

This section is a description of you the author. This is your chance to tell everyone your background where you teach, or have taught and your accomplishments.
