

Tech-Ed Teachers Pizza, Beer and Cheese Tour

Tech Ed teachers are invited to visit and tour three delicious manufacturing facilities in the area!

Limit
25
Teachers

You're Invited!

We hope you can attend the 4th annual Tech Ed Teacher Plant Tour Exploration event on **June 19, 2024**. Over the years, the NEW Manufacturing Alliance and WTEA have partnered to do a fun and educational event in June for tech ed teachers. Previous plant tours featured boats, trucks, and ships. This year's event features the foods that make this region a delicious place to live: pizza, beer, and cheese. This interactive event will give you the opportunity to tour Sargento Foods, AK Pizza Crust, and Badger State Brewery. Plus, there will be time for discussion on how we can increase the number of students enrolling in your classes and what you need from industry to help you.
